HOW IT HELPS

It's always great catching up with friends and family but doing it in your own backyard also makes a world of difference to our local economy. One visit from a couple of friends who stay just three nights would deliver nearly a thousand dollars into the community. If only 10% of our community sent a postcard inviting a friend and they each got the same response it would pump around \$3.265 million into our local economy.

The more people who take action, the greater the benefits to our region.

How to INCLUDE YOUR BUSINESS

Compliment your business

Maybe you sell sports equipment or operate adventure tours? Send a postcard to friends, family or customers and showcase a Eurobodalla experience that aligns with your business.

Swim with dragons. The small, weedy, non, fire-breathing kind

The small cove of Guerilla Bay is surrounded by thick bushland and is dominated by Guerilla Rock, a large rocky outcrop at the northern end of the beach. This feature, along with Burrewarra Point on the south provide great protection for beachgoers on wind swept days. The rugged backdrop makes this a stunning and secluded place for a dip.
